COMPANY PROFILE

Premium Profil

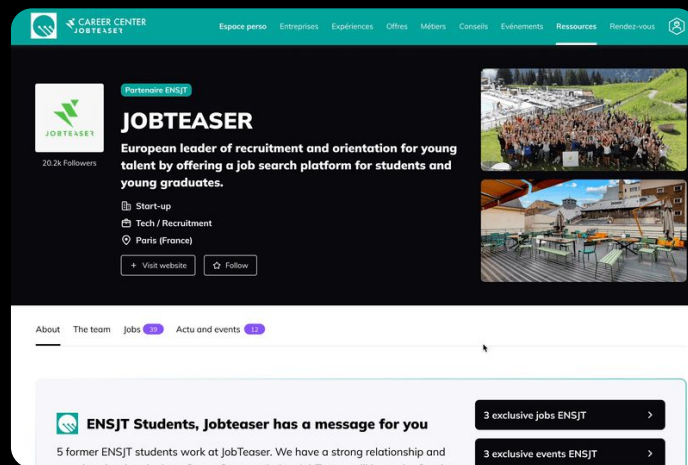

Tell your story and engage candidates with relevant content

4 TABS

EMPLOYER
BRANDING

1 BACK OFFICE

- **INFORM** about your actions via articles and synchronization with your social networks, thus displaying your news in real time
- **ENGAGE** young talent by giving them the answers they expect (FAQ, CSR labeling, feedback, recruitment habits, etc.)
- **ANALYSE** the performance of your content using clear metrics (followers, traffic, schools, etc.)

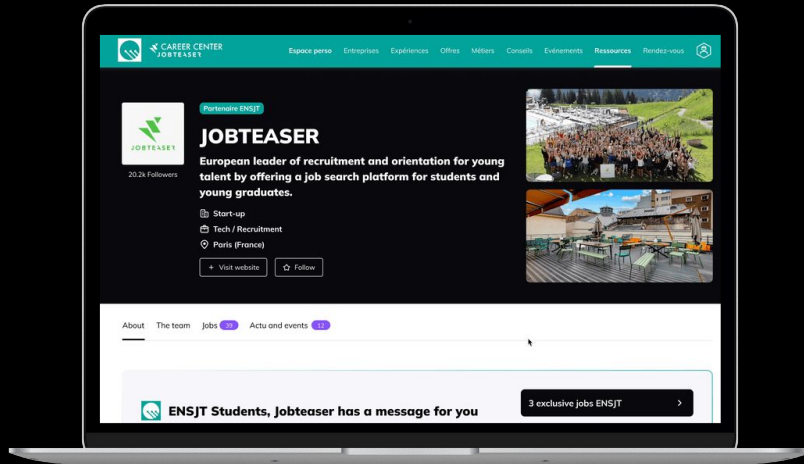

GENERATES up to 110% more applications than companies with a standard profile

The company profile

Share your “Company Story” on your new page and showcase your strengths in the style of the GenZ

- ✦ ✦ With your media content at the center
- ✦ ✦ Showcases the key elements of of your DNA in a format adapted to GenZ (less text, more videos, editorial design of entire sections)
- ✦ ✦ Topics and insights that are genuinely important to young talents, such as CSR engagement
- ✦ ✦ Tracing all elements on your page (e.g. FAQ, student insights etc) through your account manager

AWARENESS

**RECRUITING
CAMPAIGN**

- **INCREASE VISIBILITY** among young talents during your peak recruitment periods with dedicated placements.
- **HIGHLIGHT** your employer branding and generate traffic on the content of your choice (campaign, ads, event...)
- **PITCH** your communication on a page that contains your visual identity along with the content or information you want to communicate

The screenshot displays a job search interface on the Career Center website. The search criteria are 'Marketing', 'Stage', 'Paris', and '+30 km'. The results show 23,345 offers. A list of job listings is visible, including roles from KPMG, CIBO, PWC, and EDF. The 'Courir' listing is highlighted with a green border, showing a recruitment session for a 'Campagne de recrutement stagiaire - Groupe COURIR' with a photo of a woman.

Automated job posting

Ensure the visibility of your job ads directly from your multiposter or through your crawler

OPTION 1 ✦ Filters of your website

Option to use filters on your site to determine the type of credit to use

Example: job ads in the categories of "Data analytics" or "internships" that are published using a premium credit.

OPTION 2 ✦ Tag-System

We jointly establish a tagging system used by your HR managers to determine the priority of recruitments and the need for visibility of job postings.

Example: Job ads containing #YoungTalent published using standard credits. Job ads #JoinUs published using premium credits."
